

# 11.6吋智能履带机

Pedrail Channel Vending-Machine With 11.6 Inch TouchMonitor

## ▶ 产品简介/Product introduction :

本机器采用11.6吋触摸显示屏。该机器采用履带传送。

该机型有加热和制冷的功能，在冬天和夏天都可以保持适合的口感。该机型支持支付宝、微信支付。也可按用户要求添加银联支付功能。该机型支持会员管理和手机购买。

This machine has a 11.6 inch TouchMonitor, the monitor can be used for shopping and playing advertisement.

This machine supports cooling and heating. The default option is cooling. In fact, the user can select cooling mode, heating mode or room temperature.

The push power comes from a pedrail in channel. The moving of pedrail brings the goods out of channel. So the machine can be used to sell soft-drink, bottled-water, snacks, packed-biscuits, medicine, travel-items, cake, eggs, fruits, wine, fast food etc.

We can redesign the size and function for you. If you have any special requirement.

This machine only supports mobile pay. Now it supports Ali-Pay and WeChat-Pay.

According to the requirement of user we can also support the apple-pay and Samsung-pay. The members management and App-shopping are both supported as well.
